

Fount System Cleaner™

Product Description & Application

Fount System Cleaner is concentrate alkaline cleaner, designed for removal of organic growth, scale and deposits of dried inks and paper dust in fount circulation systems. Fount System Cleaner is recommended as a preventive maintenance product for periodic cleaning of the damping system.

Features & Benefits

- Non-solvent alkaline solution
- Effectively cleans dried ink and paper dust from the circulating damping systems
- Removes bacteria, fungal growth and bad odour
- De-congests the pipes and elbow joints from deposits of ink, paper lint, fluff and other build-up
- Regular use prevents choking of the pipes

Usage Instructions

- Dilute Fount System Cleaner with clean water in the ratio 1:9
- Fill the pre mixed solution sufficiently in the fount reservoir to allow free circulation
- Adequate circulation is recommended for the solution to effectively clean and de-congest the system
- Remove the exhausted solution and rinse the system thoroughly with plenty of fresh water
- Under normal conditions, weekly cleaning cycle is recommended as a part of the preventive maintenance programme
- Cleaning efficiency will depend on regularity in cleaning cycle
- More frequent cleaning is recommended in case of excessive bacterial build-up

Storage, Handling & Packaging

- Storage & Handling : Store at moderate temperatures in a dry, well-ventilated area. Protect from direct sunlight. Keep the containers closed when not in use. The use of gloves and goggles is strongly recommended while handling Fount System Cleaner.
- Shelf-life : 12 months from the date of manufacture
- Packing : 5 litres
- Precautions : Avoid contact with skin and eyes

Our Planet is our most vital resource. We must do all we can to preserve it. We at TechNova have embarked on a “Go Green” mission. Our objectives are :

- To promote Green awareness within TechNova, with our stakeholders and within the Indian printing industry.
- To develop, manufacture and supply eco-friendly Green products and services that have the least impact on the environment.
- To comply with, and go beyond, all applicable legal requirements with regard to the environment, and help our customers achieve the same.

To assist the printing industry to “Go Green”, TechNova has introduced a bouquet of Green products :

- Chem-free Digital Plates
- Process-free Inkjet CtP Solutions
- Alcohol-free & Alcohol-reducing Founts
- Aromatic-free Press Washes
- VOC-free Cleaners & Deglazers

All Product Information Capsules for TechNova's Green products carry the “Go Green” symbol.

Corporate Profile

- Since inception in 1971, TechNova has introduced several new breakthrough technologies.
- Recognised as one of the world's leading manufacturers of imaging products.
- Markets products to over 51 countries through its overseas offices and distribution network.
- Serves various industries such as print & publishing, packaging, textiles, engineering, signage, advertising, geology, photography, business graphics and medical diagnostics.

Product Portfolio

- Thermal CtP Systems
- Violet CtP Systems
- Inkjet CtP Systems
- Digital & Analog Plates
- Flexo Plates
- Graphic Art Films
- Graphic Chemistry
- Diazo Chemistry
- Offset Printing Blankets
- Inkjet & Laser Media
- Diazo Media
- Screen Print Solutions

Highlights

- India's only and world's 4th largest manufacturer of digital printing plates.
- Long term technical collaboration with Agfa Graphics.
- Only company outside of North America, Europe and Japan to receive the coveted GATF InterTech Technology Award.
- Recipient of the Davos-based World Economic Forum's “Top-performing, Global Growth Company Award” in 1997 and “Technology Pioneer Award” in 2000.
