

# NovaFlash™ Developer

---

## Product Description & Application

**NovaFlash Developer** is a premium single-step, coloured, lacquer-developer for wipe-on negative platemaking on fine grained and anodised aluminium plate.

## Features & Benefits

- Ready-to-use developer
- The coloured lacquer provides high visibility and a durable image
- Suitable for manual processing
- To be applied directly on the plate after exposure

## Usage Instructions

- Keep the plate firmly resting on a flat and clean surface
- Shake the NovaFlash Developer container vigorously and pour sufficient quantity to cover the plate surface
- Apply evenly over plate surface using a swab of wet-squeezed cotton
- Work the developer over the entire plate surface with a circular motion of the hand
- Continue application for approximately 2 minutes with light pressure. The fully developed plate will have excellent image contrast
- Rinse the plate thoroughly under a jet of running water
- Examine the plate for underdeveloped images and repeat application before finishing, if necessary

## Storage, Handling & Packaging

- Storage & Handling : Protect from direct sunlight. Store below 35°C in a dry, well-ventilated area. Keep the containers closed. The use of gloves and safety goggles is strongly recommended
- Shelf-life : 12 months from the date of manufacture
- Packing : 1 & 5 litres
- Precautions : Sponges are not recommended for use with NovaFlash Developer. The room should be properly ventilated. Accidental drying of developer on the plate is easily removed by fresh developer

## Corporate Profile

TechNova is recognised as one of the world's largest providers of digital & analog imaging & printing solutions for a wide range of industries. Globally recognized as a pioneer, TechNova has introduced several new breakthrough technologies over the years. Each of its products has been a first of its kind in India, making its predecessor obsolete before its time.

- ISO 9001-2000 Certification
- Markets products to over 68 countries
- Winner of the prestigious GATF InterTech Technology Award
- Pioneer of the "Go Green" revolution in the Indian Printing Industry
- An Ethical, Learning and Innovative Corporation

## Product Portfolio

- Thermal CtP Systems
- Digital & Analog Plates
- Graphic Chemistry
- Inkjet & Laser Media
- Violet CtP Systems
- Flexo Plates
- Diazo Chemistry
- Diazo Media
- Inkjet CtP Systems
- Graphic Art Films
- Offset Printing Blankets
- Screen Print Solutions

TechNova is committed to helping the printing industry adopt eco-friendly solutions, reduce carbon footprint, eliminate waste and facilitate sustainable growth. To help printers achieve this, TechNova has introduced the following range of Green Solutions :

### Objectives of TechNova Go Green Mission :

- Chem-free Violet CtP Solutions
- Chem-free Thermal CtP Solutions
- Process-free Thermal CtP Solutions
- Chem-free Inkjet CtP Solutions
- Alcohol-free and Alcohol-reducing Founts
- Aromatic-free, Fogra approved Press Washes
- Recyclable Press Washes
- Press Wash Concentrate for Solvent Reduction

### Corporate Office

TechNova Imaging Systems (P) Limited  
Plot No. E 1/2/3, MIDC, Taloja  
Dist. Raigad, Maharashtra 410 028, India
